My thoughts:

305.06

Regarding Darin Monroe's comment regarding notification that an electronic payment has been made because he wants to be made aware of what payments have been issued to his client, what's wrong with copies of the NOCS being sent to the claimant's attorney or in all our cases, if the claimants attorney wants an updated payment history, we provide that to them. The payment history would provide a history of all payments, the amount, and the dates.

Thank you,

Kelli Segroves
